

**KSA**  
**Challenge Days**  
**2016**  
 Thursday 7<sup>th</sup> and  
 Friday 8<sup>th</sup> July

Name:.....

Name:.....

You can complete this form individually or with a friend.

Read the challenges below and number your top 5, where number 1 is your favourite.

**We Challenge you to:**

	1 day or 2 day	Top 5 (1 is your favourite.)
<p><b>Create a KSA Challenge Day Magazine</b>            Ideal for students who are inquisitive reporters able to sniff out a good story! We have been challenged to produce a professional quality magazine of the whole challenge event. We get to cover it all! We need editors, sub editors, journalists and photographers to work together as the press team to produce a full magazine in just two days! There is a deadline to meet! The presses must roll before the end of the second day ready for delivery to each form.</p>	2	
<p><b>Write and illustrate a Children's Book</b>            Students will be reminiscing about their favourite books from childhood and investigating the key conventions of popular children's books. They will be coming up with their own ideas for characters and plot and developing these into a narrative. They will also design their character and illustrate their story. Ideally students will read their completed story books to children in the primary phase.</p>	2	
<p><b>Launch a band</b>            You will investigate the role genre plays in promoting music artists and the conventions of CD covers and tour posters. You will work in groups to create a band, generate their look, create a range of merchandise, launch their new CD and create the tour poster. This is a mammoth task so you must be focused, organised and great team players. No diva/popstar attitudes welcome here!</p>	2	
<p><b>Create a slum dwelling</b>            This will include an intro to what a slum is, watch some clips of slum life and an outline of collection rules.            Outside you will be given the places where you can collect materials. Once constructed the students have to sit in it during the monsoon and you then have to make lunch out of sandwich materials you have brought in.</p>	1	
<p><b>Printing Challenge</b>            Design and print a length of fabric using the themes, equipment and materials supplied.</p>	2	
<p><b>Design and pitch a product to the Dragons Den</b>            You must work in teams of 4 with the following roles:            Project Manager, Marketing, Finance, Designer.            Day 1 you will build the product. You will have to market the game, cost the product, design the product graphically and build the website.            Day 2 You will prepare your presentation to the Dragon Den's Panel.</p>	2	
<p><b>Write, perform and record a play in German</b>            You will create a short story in German, practice and record the final version before the showcase at the end of the day.</p>	1	
<p><b>Run to Rio</b>            The PE department will set you a series of physical challenges throughout the day. You will log all the distances with the aim of collecting enough to get to Rio.</p>	1	

<p><b>Build a famous structure from recycled resources</b> Day 1 you will research the design features and structure of a famous landmark. Day 2 will be spent recreating a scale model of your chosen landmark.</p>	2	
<p><b>The Engineering challenges</b> There will be three engineering challenges to complete throughout the day involving gliders, helicopters and wind turbines.</p>	1	
<p><b>Identify 100 local species of plants and animals.</b> On Day 1 students will visit Wicksteed Park and complete the identification challenge. On Day 2 you will be looking at all the different food chains.</p>	2	
<p><b>Learn and perform a song in a day</b> You will work in small groups to practice and perform a song as a band. Any musical experience welcome.</p>	1	
<p><b>Work as a team to make and design a display from yarn by knitting/crocheting</b> Discover "Yarn Bombing", a new and different form of street graffiti, and learn to knit or crochet on the way. Work individually and as a team to make an amazing display of talent.</p>	2	
<p><b>Learn and perform a play in two days</b> Using the performance style of Frantic Assembly to create a brand new devised performance based on the theme of celebration. Day 1 will be developing performance material, which will include script – written by yourself - and a mixture of movement and physical theatre to convey what celebration means to you. This will then be performed on Friday to an invited audience.</p>	2	
<p><b>Learn and perform a piece of Musical Theatre in two days</b> You will be working on a Musical Theatre performance of pieces from popular Musicals. You will be singing, dancing and acting creating pieces for the performance piece, based on the theme of celebration. This will then be performed on Friday to an invited audience.</p>	2	
<p><b>Learn and perform a music set in two days</b> You will be creating a variety of music pieces (both covers and originals) - vocal, ensemble and instrumental - based on the theme of celebration. This will then be performed on Friday to an invited audience.</p>	2	
<p><b>Design and make an item of clothing from recycled materials</b> Using the recycled materials provided (or your own collection), create an item of clothing ready for the show at the end of the day.</p>	1	
<p><b>Design and create a three course meal from the given ingredients</b> Ready, Steady, Cook! Use the ingredients given to create a stunning 3 course meal.</p>	1	
<p><b>Write and record a film in French</b> Day 1 will be spent creating the plot and script in French Day 2 will be practicing and recording for the showcase at the end of the day.</p>	2	
<p><b>Create an original story book from the contents of the bag</b> Each group chooses a story from the library. You will then create a game or activity based on the story to share with the primary pupils.</p>	2	
<p><b>Learn Dutch in a day</b> A one day course in the basics of Dutch and culture in the Netherlands.</p>	1	
<p><b>Learn Italian in a day</b> A one day course in the basics of Italian and culture in Italy.</p>	1	
<p><b>Redesign Wicksteed park</b> Day 1 will involve a trip to Wicksteed Park to look at the current facilities and to sketch out potential ideas. Day 2 will be working on creating a scale model of your redesigned park.</p>	2
