

Outstanding Key Stage 4 Progress - Alexander Quesada. Introduced by Year 11 Progress Leader Amanda Doherty on behalf of Hazel Dodd.

Hazel Dodd was the Year 11 Progress leader said: "Last year the main focus of my job was to monitor and track the progress of all of the year 11's. I can honestly say that one of the main features without a shadow of a doubt was that Alexander was a solid and consistent feature in the students who were not only on track for themselves personally but also someone who time after time achieved excellent results in all subjects throughout his time at KSA. Therefore, it was so pleasing that when the results came out he thoroughly got what he deserved. Well done Alexander your results were truly deserved."
