# What do you know about the light and the dark?

The Sun is yellow and bright.  
The Moon on the water REFLECTS  
The stars light up are bright

if there was no light you could use your eyes  
Darkness scares people  
Does away

The Sun and Moon ROTATES  
The light REFLECTS  
Fire is bright  
Sun comes out at day time  
You use light to find your way  
You sleep at night

a light touch is bright  
When you turn a light on it is bright  
You turn lights off at the daytime

the dark is always with you  
but the sun covers it  
the moon is the biggest  
stars at night shine bright and twinkle

Candles are bright in the dark  
Touches help you find your way at night  
lights up the sky  
Sorcerer is H
