Dear Parents and Carers,

Proposal to change the length of the School day from September 2019

I am writing to inform you that we are proposing to make some changes to the structure of the school day at Kettering Science Academy from September 2019 and are currently consulting staff on this proposal. As staff are being consulted on this process, we felt it prudent to inform you as parents of the proposed change in order to negate any misinformation being shared.

The changes are as follows:

- Formal lessons will end at 3pm Monday to Friday instead of 3.20pm, with each lesson being 60 minutes.
- Curriculum Enrichment Activities will be available until 4pm from Monday to Thursday.
- Friday is an activity free evening and the school will close at 3pm on that day.
- Morning break will move from lesson 1 to lesson 2 and increase to 20 minutes (from 15 minutes).
Students will have the opportunity to purchase snacks from the restaurant should they wish to.

A table showing proposed timings of the day is attached to this letter. We believe that these changes will be beneficial to the whole school community, and students will continue to be provided with a high quality of education. We have proposed these adjustments in order to help support the school with its budgetary restraints, whilst aligning the Academy with most schools and ensuring we meet our statutory obligations.

We are in contact with the School Bus Company and Local Authority and will work together with them so that there is minimal disruption for students who use the school bus.

Yours sincerely
