

**Outstanding Key Stage 3 Achievement – Lydia Shepherd (Year 10) – Introduced by Progress Leader for Year 10, Amanda Doherty**

Lydia is a focused and diligent student who is a real delight and asset to her year group. She is always supportive of others and helps out where ever she can. Her attitude to learning is second to none and as a result she is achieving some excellent grades and well underway to achieving some outstanding grades for her GCSEs. I'd like to mention she is already working at a grade 7 in maths, which is incredible! Not only this but her dedication to extra-curricular activities has led her to be part of the Duke of Edinburgh award where she is biking and drumming her way to success.
