

## **Leadership – Charlotte Clubley**

Charlotte was voted to Head Girl by her peers by a large majority. She has always been very hard working, organised and reliable which is why she is ideal to represent the student body. In this role she has lead the Student Council alongside the Head Boy for all years and has feedback to the senior leadership team where as a result, changes have been implemented. She has lead the Academic Committee who helped plan organise and run the sixth form open evening. She has spoken in front of over 300 parents and showed parents around the academy.

Charlotte is an excellent role model to younger students and her peers. She has applied to study a BSc in Marine Biology where she has been recognised as an outstanding student. Admission tutors have commented on her enthusiasm and one of the universities have offered her a Masters route as an alternative to her chosen course. She is a credit to herself and the academy. Congratulations on this well-deserved award.
