

LO-To know that Ancient Egyptians celebrated more than one God

Lily Shadd

Isis was the wife
of Osiris and the
mother of Horus.

Isis

Isis was a protective goddess who used spells to protect.

Isis was very
important.

She used powerful
magic spells to
help people in need.

A temple was
built to honour Isis
at Philae, it is still
standing today.

Since each pharaoh was considered the 'Living Horus'.

Isis is associated
with thrones because
her lap was the first
'throne' that Horus
sat upon.

Isis was depicted in
two ways, having a throne-
shaped headdress, and
having cow's horns
with a sun between
them.
