27th November 2018

Dear Families

We are starting to streamline our processes with a view to becoming a cashless Academy. From Monday 3rd December 2018, we will be launching our Wisepay App. By using the App it will help reduce the amount of cash being handled within the Academy.

The advantages of using the Wisepay App are that it is easy to navigate and as parents/carers it will store your card details for a quick & easy checkout, it also provides a "quick top up" option for cashless catering. Using the App you will also be able to pay for trips, revision guides etc.

Once you have logged into the App you will not need to log in again. The Academy Finance team are able to support you with any problems you may have. They can be contacted by either calling the Academy or by emailing finance@ketteringscienceacademy.org. If you need help with your Wisepay account online, please do not hesitate to contact reception on 01536 532700.

We are also trying to reduce the number of students who borrow money because they do not have enough on their lunch card. As from Monday 3rd December any student who needs to borrow money will need to have a slip signed off by a member of the Senior Leadership Team before they can borrow, this will then create an overdraft on their Transact account and the next time any money is put on their card, it will automatically go towards paying off the overdraft.

The Wisepay App is available to download for both Android and Apple devices. Please see the enclosed leaflet for details. Once you have downloaded the App you will need Kettering Science Academy organisation code which is 16865719.

Yours sincerely

Mr A Segalini
Associate Principal
