Pupil Premium grant is funding provided to schools to help all pupils reach their full potential, regardless of their background or financial situation. As parents, you can save up to £2328 **over the 7 years** your child attends Kettering Science Academy. If you are eligible for Pupil Premium you can start saving straight away.

The Government awards all schools extra Pupil Premium funding based on the number of pupils entitled to receive free school meals. Therefore, we need to make sure that all those children who are entitled to this funding have formally registered, by **Friday 10th January 2020**.

Registering your child's personal entitlement to receive free school meals is quick and easy. It does not commit him/her to eating a school meal on any or everyday – that remains your choice. This funding will help to support quality first teaching, school visits and vital learning resources to support the curriculum, music tuition as well as hot meals. There are a range of initiatives that your child could be supported in, it's all about helping the individual student to achieve. You can apply for free school meals for older children in full-time education up to the age of 18 if you are in receipt of certain benefits.

Your child is entitled to free school meals if you or your partner claims either:

- Income Support
- Income Based Job Seekers Allowance
- Child Tax Credit Only (with income up to £16,190) with no element of Working Tax Credit
- National Asylum Seekers Support
- Guarantee Element of the State Pension Credit
- Employment and Support Allowance (income related)
- Universal Credit (income dependent)

Registering your eligibility will only take a few moments of your time but will make a massive difference to the opportunities we can provide for the children, as well as saving you vital money too. To register/apply please go to www.northamptonshire.gov.uk/freeschoolmeals

Alternatively we can apply on your behalf with just a few details from you. All you need to do is return the completed form as soon as possible to enable you to start saving money. As well as saving you money the school will also be provided with essential additional funds.
