## A Parents' Guide to Getting Started with "EduLink One"

There are two ways to use EduLink One: through a web browser like Google Chrome or through an app you can download to use on your mobile device. The EduLink One app is available for iOS and Android devices.

### Web Browser Instructions

This is your school's individual login link if you use a browser to log in.

Start by going to <https://www9.edulinkone.com/#!/login?code=ksa>

The image shows a login page with a dark blue background. It features two input fields labeled 'USERNAME' and 'PASSWORD'. Below the password field is a checkbox labeled 'REMEMBER ME?' and a link labeled 'RESET LOGIN'. At the bottom, there are two buttons: 'LOG IN' and 'DEMO'.

After clicking the link this will take you straight to the EduLink One login page for your school.

Here you will just need to enter your **username** and **password** to login. This will have been sent to you by the school.

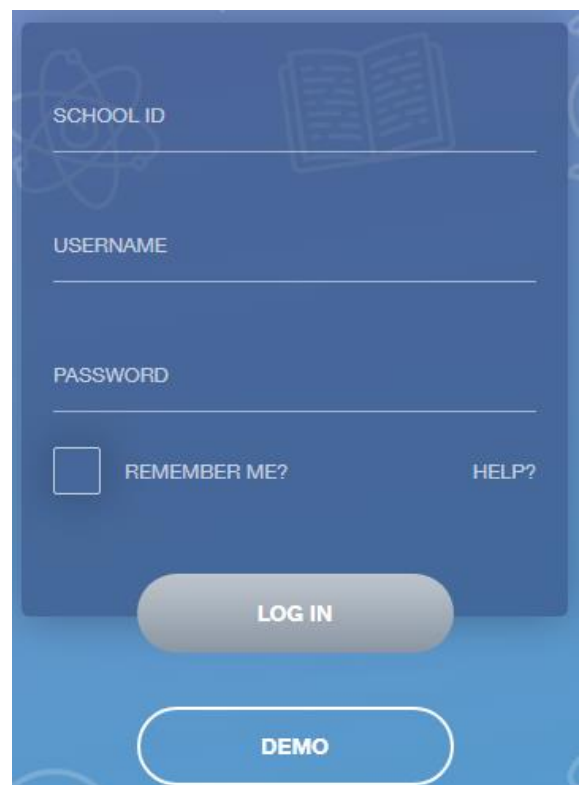

**If you forget your username or password, please contact the school.**

If you don't use the school's direct link above as, just visit <https://www.edulinkone.com/> then you will see the screen to the right, which requests your school ID as well as your username and password.

The **SCHOOL ID** is: **ksa**

Your **username** and **password** which will have been sent out to you from the school.

Once you have filled in all three boxes with your login details, click **LOG IN** to get started.

**If you forget your username or password, please contact the school.**

## Main Screen

Once logged in you will see the main screen in Edulink One, where you will be able to navigate through the different sections of Edulink One to view a selection of information about your child/children.

Please see an example of the main screen. The various options may vary between schools.

If you have more than one student in school, it's easy to switch between each one. Just select which you'd like to view in the top right-hand corner.

This bar shows you what **lesson** your child is currently in, along with the next lesson in their timetable.

The **messages** button will let you know if you have any unread messages from the school.

## Homework

The Student and Parent will see the homework in a list format this can be organised by clicking on the headings.

Update Information

This section shows you the contact information that the school has on record for yourself and your children.

Here you can review the contact information the school holds for you, but you will also be able to update this with any changes that may occur to this information. When updated information is submitted through Edulink One, this will be picked up by the designated personnel in school in charge of updating records. It will be checked by them and approved.

This side allows you to select whose details you want to check / change.

This side allows you to read and edit the current contact information for the selected person.

## Messages

The message button can be found in the bottom right of the screen. Here you can read messages that have been sent through to you from staff at the school. You can reply back to messages here directly. You can also write and send messages to one or more teachers and your child's tutor.

In the example below, the received tab is where any messages sent to you from the school will be. You have the option to read and reply from here. The sent box will store messages you've sent through previously.

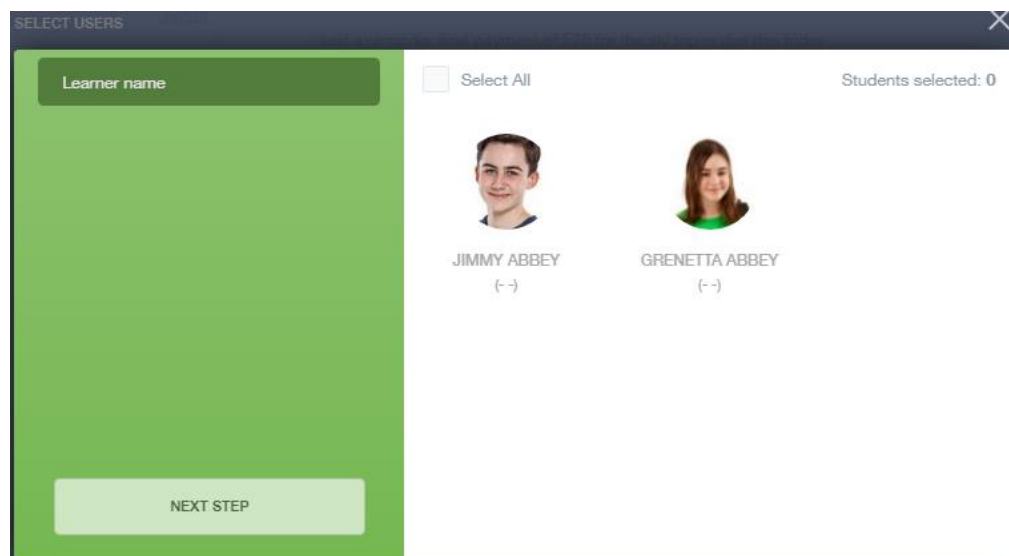

### Sending a new message

To begin sending a new message you will need to click the green **new message** button as shown in the picture above.

Next you will have to select your child/children.

Once selected click the next step button.

Next, choose the person to send your message to. As you can see in the example below it is broken down into teachers and form tutors.

Depending on who you want to send to, you can pick from the relevant boxes. **The default option is to pre-select all teachers.** You can see this below as each teacher has a green tick beside. This means if you send a message now, it would go to all the selected teachers. To deselect specific teachers just click on the green tick or unselect all using the smaller black tick. Click next when done.

You will now see a message box – see below. Here is where you write your message and message subject.
