Dear Parent/Carer,

At Kettering Science Academy we are always looking at ways to improve communication and keep you as parents informed. As such I would like to take this opportunity to introduce you to our new parental information and communication system **EduLinkOne**. We will be using this system to provide you with essential information about your students and their lives at Kettering Science Academy, particularly around homework, home learning and attendance.

EduLinkOne is a purpose built parental communication tool in the form of an iOS and Android App – with support from a website for those unable to access the apps.

For security, this new system requires an individual parent login username and password. If you have more than one child at the school, you will only require one account and all children will be visible through this.

To access this new tool you will need to either:

- 1) Search for EduLinkOne (Overnetdata) from the Apple App Store or Google Play Store and install the App to a mobile device – you can have it on multiple devices if you wish.
- 2) If you do not have a device suitable for the app, you can access the same great features through the website at <https://www.edulinkone.com/#!/login>

Over the next few days we will be sending you an email to the address which you have given us previously. It will tell you how to log in for the first time and set up your account. Should you find that you have not received an email by 25th June or require support in other ways, please contact Gavin Stanger on email: gstanger@ketteringscienceacademy.org.

By using EduLinkOne I am convinced that we will be able to improve working together to support the students learning, especially as it will be a great way for you as parents/carers to see exactly what the students should be doing, and have an instant communication method to the school. I do hope that you can all support us in this programme, download the app and use it on a daily basis.

Yours sincerely

Mr A Segalini
Principal
