

CEIAG EVENTS 2022-23

External training providers, FE Colleges, HE institutions, Local and National Businesses etc. are invited to contact our Careers Lead Julie Thompson (Julie.thomson@ketteringscienceacademy.org) if you are interested in joining us for any of these events in the academic year.

We welcome external speakers/visitors to enrich and enhance our activities, whether it be industry talks, mock interviews, running a workshop, getting involved in our WOW (world of work) event by offering an Enterprise Activity, attending our careers fair, offering a work experience placement etc. – there are so many ways you can get involved and help to shape the workforce of tomorrow.
