- Refinement** Developing and modifying to improve and adapt your work. Not just repeating using a different media.

## KEY KNOWLEDGE 2: contextual artists

- Looking at artists, designers and craftspeople to help your own work. You'll now be comparing numerous artists and probably finding your own that you like.
- Showing that you can analyse art that inspires you and that you understand the cultural background to the art.
- Take the artists work further and make them your own; copy a section, recreate the whole image or complete your own original piece in the artists style; use their visual language
- Presentation is important so take time and care to show Control, Accuracy and Neatness. Most importantly, you'll need to show how you have synthesised aspects of their visual language with your own ideas

- Do explain the reasons behind a particular artist's work. – you'll need to find out why the artist has done it
- Do say why **you** did what you did.
- Do say whether the effect was what you expected or whether you found anything during the process
- Do say what you have learnt by doing it, regardless of the result.

When annotating, you could start by being descriptive and then move carefully through analysis to evaluation. More marks are available if you reach an evaluative stage that justifies your opinions through your analysis. This process supports your creativity.
